## CHURCH NAME IS NOT CHANGED

Episcopal Delegates Oppose Move of the High Church Men.

New York, Oct. 14.—The suggestion that the corporate name of the Protestant Episcopal church be changed to the American Catholic church precipitated a long debate yesterday at the general convention of the high church party it was voted by the house of deputies to appoint a commission to revise the prayer book.

It was openly declared by low church delegates that the resolution as introduced by the high church members left the way clear for the commission to decide for the whole church should be changed. The low church delegates succeeded in having the resolution amended to read: "Provided that no proposition involving the faith and doctrine of the church shall be considered or reported upon by the commission." After much discussion the resolution was adopted with both amendments.

Dr. Edward L. Goodwin of Virginia offered an amendment: "Provided that no proposition involving the faith and doctrine of the church shall be considered or reported upon by the commission." After much discussion the resolution was adopted with both amendments.

Resolution Blocks Movement. Dr. Randolph H. McKim of Washington, a low church leader, declared the appointment of such a commission was the opening move toward changing the church name. He offered an amendment reading: "Provided that no proposals to change

## That Little Spot On Your Skin; Beware, Beware!

Because—the smallest spot of infection means danger. That blotch on your arm, that itchy place on your leg, beware lest soon it spread, covering breast, face, body.

Because—the cause of skin disease is growing. It is estimated that millions of our people are infected and spreading the disease.

## The Butter World's Master Product

The Swiss, the Danes and the Dutch—all have enviable reputations for their fine creamery products.

Their cheeses and butters are the talk of the world.

At one time people thought that really fine butter could not be produced in this country.

We've upset that theory.

Jensen's Four-in-One

Jensen Creamery Co., Ogden

Butter is the butter world's master product. You may scour this country from end to end, and Europe, too, and not find its superior.

In very few instances will you find its equal. Throughout the entire year, its quality won't vary over a point or two.

Absolute purity is insured by pasteurization.

You can buy this butter at a fair price the year round.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. Agents, A. R. McIntyre.

## HUERTA ASSURES U. S. CHARGE

Mexico City, Oct. 14.—President Huerta has assured the American Charge D'Affaires Nelson O'Shaughnessy that no violence will be done the imprisoned deputies. The American charge met the president by chance and in the course of the conversation warned him of the baneful effect which would be produced throughout the civilized world should harm come to the deputies.

Later the embassy received instructions from the state department at Washington to make precisely such representations; whereupon Mr. O'Shaughnessy formally communicated to the executive the Washington administration's expression on the subject.

While promising that no harm would befall the prisoners and adding that there never had been any intention to inflict physical injury, General Huerta asserted that most of the deputies would have to stand trial for offenses against the government. He gave no intimation that any of them would be released in the near future.

## BOSTON MAN IN CUSTODY AT TOKIO

Tokio, Japan, Oct. 14.—John Ellis, the business manager of the Japanese Advertiser, wanted in Boston for the abduction of his daughter and for contempt of court, was arrested yesterday on an ambassadorial requisition on a charge of perjury, as abduction is not extraditable in Japan.

Ellis was formerly a clergyman, a telegrapher and a broker. He is wanted by the Boston authorities for the abduction of his daughter, who was awarded by the courts to his wife after their separation. Mrs. Ellis resorted to moving pictures to trace the couple and by this means they were located.

## IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores and they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

## DEMOCRATS OPPOSE VARDAMAN'S PLAN

James K. Vardaman.

Senator James K. Vardaman of Mississippi, the country's most consistent exponent of negrophobia, declares he will oppose with voice and vote the confirmation of any negro designated for federal appointment, except minister to Liberia. The administration, however, does not back Vardaman up, and men high in the government have made it clear that they do not favor such a policy.

Queen gave a party tonight at St. James Palace in honor of Prince Arthur of Connaught and the Duchess of Fife, who are to be married shortly. The wedding presents were displayed, the most notable of which was a diamond tiara, the gift of the king and queen and gold desert service, the gift of the Princess Royal.

## Bad Complexions Are Now Easily Discarded

(From the Beauty Seeker)  
Every woman has it in her own hands to possess a beautiful and youthful complexion. No matter how soiled, faded or coarse the cuticle, ordinary mercerized wax will actually remove it, and Nature will substitute a skin as soft, clear and lovely as a child's. The action of the wax is not drastic, but gentle and agreeable. Minute particles of scarf skin come off day by day, yet no evidence of the treatment is discernible, other than the gradual complexional improvement. One ounce of mercerized wax, procurable at any drugstore, suffices for most cases. It is put on at bedtime like cold cream and taken off in the morning with warm water. It is a certain method of discarding freckles, liver spots, moth patches, blackheads and pimples.

Wrinkles can be treated with benefit by bathing the face in a lotion prepared by dissolving 1 ounce powdered sassafras in pint witch hazel. Instantaneous results are secured.—Advertisement.

## WOMEN GOLFERS TOURNAMENT

Thirty-two Enter National Championship Contest at Wilmington Country Club

Wilmington, Del., Oct. 10.—Thirty-two women golfers today began the first round of match play in the national championship tournament at the Wilmington Country Club.

Six of the contestants qualified for match play today. Miss Gladys Radcroft of Bramborough, England, who won the low score medal, was paired today with Miss Frances C. Griscom of Philadelphia, a former American champion. Miss Margaret Curtis Boston, the present national title holder, went out matched with Miss Caroline Painter of Middletown. Miss Mariet Dodd, holder of the British and Canadian championships this year, teamed off with Miss Edith Noble of the Wilmington club. Miss Mabel Harrison, the expert from Ireland, was paired with Mrs. William L. Hirsch of Philadelphia. Other pairs included Miss Violet Pooley, British Columbia, and Miss Lillian B. Hyde, South Shore; Miss Florence B. Scott, Canada, and Miss Florence L. Harvey, Canada.

## DEPUTY SHERIFFS TO DECIDE PROBLEM

Los Angeles, Cal., Oct. 14.—Deputy sheriffs will be called upon tonight to determine the difference between a sparring contest and a prize fight. If the advertised "sparring contest" between Johnny Dundee of New York and Joe Azevedo of California, lightweight, does not comply with their interpretation of the term, it will be stopped. This was the answer of the district attorney to protests against the bout lodged by the Los Angeles Church Federation. It was said today several clergymen might accept the offer of the promoters to witness the twenty-round battle.

Dundee was a slight favorite in the betting today.

KILBANE SIGNS FOR MATCH. Cleveland, Oct. 14.—Details for a match between Featherweight Champion Johnny Kilbane and "Knockout" Mera of Cincinnati in that city were agreed upon here today. The match will take place October 30.

ARRIVES WITH SURVIVORS  
Hayre, Oct. 14.—La Touraine of the French line, second of the rescue ships which figured in the Volturno disaster to reach port, arrived at Havre this morning. La Touraine had forty-two survivors on board.

## STANDARD OIL IS FIRST CASE

Supreme Court Considers Regulating of Pipe Lines by Interstate Commerce.

Washington, Oct. 14.—The case of Standard Oil and other oil companies to prevent the interstate commerce commission from regulating the operation of oil pipe lines, was the first one taken up by the supreme court today.

The case turns on the constitutionality of the "pipe line amendment" of 1906 to the interstate commerce laws. Solicitor General Davis for the government contends that it had a right, as provided in this amendment, to require all oil carrying pipe lines engaged in interstate commerce to act as common carriers. The commerce court held that it did not and declared the law unconstitutional.

The oil companies contend the government cannot hold as common carriers private individuals or corporations which have never posed as common carriers, but which carry oil only for themselves and which enjoy no rights of eminent domain and no powers from the state.

## LONDON POLICE LOSE PRISONER

Miss Sylvia Pankhurst Escapes During Fierce Struggle With Militant Friends.

London, Oct. 14.—After a fierce struggle the police arrested Miss Sylvia Pankhurst at Bow Heaths in the east end of London last night, where she was making a speech. When they led her outside the building to take her to Holloway jail, the militants attacked the police so savagely that they had to let her go and she escaped.

Miss Pankhurst, who has an uncompleted term of imprisonment to serve, was not recognized until she threw aside the disguise which enabled her to elude the police and enter the building. She was warmly applauded as she stepped on the platform, but had been speaking only a few minutes, when detectives, accompanied by a body of uniformed police with drawn truncheons, entered the hall and made a rush for the platform. The audience arose and chairs began to fly. Some of the people in the galleries even dropped benches on the heads of the police. The police gained the platform and for ten minutes a desperate battle waged the officers using their clubs freely and those on the platform utilizing chairs as weapons.

Greater Fury Outside. The police succeeded in dragging Miss Pankhurst down to the floor of the house, while reinforcements entered the hall. Outside the struggle was renewed with greater fury. Men and women were thrown down and trampled upon. Concentrating the attack on the policemen who had the militant leader in their grasp, the women with the assistance of several men succeeded in tearing her from their grip, and she slipped away. Some of the women afterwards complained of having been thrown down and kicked by the police and men after the fracas, were seen nursing bruises. Mrs. Selie Emerson of Jackson, Mich., whose imprisonment caused such a furor several months ago, was one of those injured. Mrs. Lee, who presided at the meeting and took a conspicuous part in the attack on the police, was arrested.

Mrs. Pankhurst later announced her intention to address a meeting at the popular town hall tonight.

"OLD BLUE" ROBBED. Price, Oct. 13.—"Old Blue," the colored cook at the Grill, was held up and robbed tonight by two men, who made their escape. The thugs approached him from behind, choked him into submission and took a little less than \$3 from him.

## The Home Beauty Parlor by Betty Dean

Audrey: In these days of short sleeves and low necks it is vastly important what kind of whiteners you use. Ordinary face powders of talcum will not successfully hide the summer's tan and they won't stay on. The best way out of the dilemma is to get 4 ounces of spumax and mix in 1-2 pint of hot water; add two teaspoonfuls glycerine. This is a splendid lotion for making the skin look fresh for a long time. It will not rub off like loose powder, and has a protecting effect on the skin of lasting benefit. It is very economical, too. For a fine wrinkle remover see answer to Miss Hazel.

Miss Helen L.: Weak eyes are not only a drawback to looks but neglecting them often leads to serious eye troubles. Dissolve an ounce of crystals in a pint of water. A few drops of this in each eye every day will strengthen your eyes and make them sparkling and brilliant. You do not say whether or not you wear glasses, but in any case this simple, inexpensive tonic will prove soothing and helpful as well as beautifying.

Mrs. Meadows: Your unhealthy hair seems to indicate that the hair follicles secrete too much oil and this will lead to dandruff and other hair troubles. You are wise to take it in time, and I strongly advise the use of the invaluable canthrox for a shampoo. Get a package at the drugstore, and mix a teaspoonful in a cup of hot water. This is plenty for a good washing, and will give you the effects of a fine treatment at a professional Beauty Parlor at small cost. Notice the fluffiness and sickness of your hair after washing. This is caused by the fact that canthrox gets rid immediately of the excess oil and all dirt and dandruff.

Phyllis Lee: Yes, there is always the danger of increasing flesh too fast when you once begin to take it on. Perhaps it would be well to begin reducing now before you feel the burden. Try this simple remedy—it will require no dieting or special exercise beyond sensible living. Get 4 ounces parnotts and dissolve it in 1-2 pints water. Take a tablespoonful before meals. It is

Lost River Irrigation project, which they plan to give a thorough inspection. If possible, some effective solution to the problem will be settled upon.

ASSESSMENT 40 PER CENT MORE. Brigham City, Oct. 13.—The tax notices for 1913 for city and county taxes have been sent out by the county treasurer. The notices show a healthy increase in taxation over last year, in some instances the increase being as high as 40 per cent.

PRETTY COSTUME FOR AFTERNOON. This costume consists of a blouse of mousseline de soie and a skirt of chiffon taffeta. The revers are edged with mousseline plating, and the collar which is at the back only is cut with a point over the shoulder. The lower part of the sleeve, which is of taffeta, is set on to the upper kimono sleeve with a scalloped edge braided with soutache. The skirt is laid in a plait at either side of the front and back, which releases below knee depth. Bows of taffeta are set down the front of the skirt.

BODY OF ADOLPHUS BUSCH. Bremerhaven, Germany, Oct. 14.—The body of Adolphus Busch, millionaire brewer of St. Louis, who died in Germany last week, was taken to America by members of his family on board the steamship Kron Prinz Wilhelm, which sailed at 5 o'clock this morning for New York.

## Nearly 1/3 Off Your Coal Bills

YOU needn't dread the winter! No matter how cold the weather, or how hard the wind blows, you can keep the house perfectly comfortable at wonderful saving in fuel and trouble—but you must at once install Campbell's Winter-Chaser—the furnace that has behind it 30 years of science, experience and the tests that prove.

This is the furnace that lasts—that saves you a lot of money in repairs as well as fuel, the all-steel, durable, time-tested

## Campbell's Winter-Chaser

And the guarantee behind it means something. We will not install this in any home unless we know it will do the work—unless we know it will heat your house to 70 degrees in any weather.

Any weather! Stop and think what that means. Sudden changes in temperature have no terrors for the man whose house is heated with a Winter-Chaser. He knows that the family is going to be comfortable—the furnace will act right—every room in the house evenly heated to any desired degree.

## The Air Is Warm, Moist and Soft

Moist because of the 15-gallon reservoir which keeps the heat moist—like a balmy June day.

There is no danger of the close, stuffy dry air which is dangerous to health and destructive to furniture.

The Campbell is the only jacket furnace made with a large air-chamber and an ejection door. So there is no dirty, germ-laden air. With the Campbell the air is clean as well as moist and warm.

Don't forget the economy in this furnace. There are lots of good reasons for this patent heat-retainer, down-draft, large firepot, etc.—all are fully described in our free booklet "Twice-a-Day." In it you can learn why. On account of fine ventilation, too, you should not fail to get the benefits of Winter-Chaser heating. Write for full particulars. We can install a Campbell in 24 hours, but there's no use waiting. Write today.
